

## Ozone generator with plasma technology

**Application:** Water treatment  
**Problem:** Redevelopment existing ozone system  
**City/Country:** Steckborn/Switzerland

### Project info:

**Capacity:** 2 x 120 g of ozone at 5 % (wt)  
**Number of plants:** 3 x Plasma M2/120  
**Process gas:** Oxygen, generated on site (PSA)  
**Year of realisation:** 2012  
**Specialities:** Integration into existing plant
